

NSC MEMBERSHIP LIMITS

The Board of Directors determines the maximum number of active members allowed in the club. Their decision is based upon the range facilities and the range usage defined by the sign-in sheets. This limit value is reviewed annually. The present limit is 200 members. This capacity is normally achieved during the April sign-up or as deemed necessary by the Board of Directors.

At any time during the year, a prospective member may attend a monthly club meeting and request that their name be placed on the waiting list maintained by the club Secretary. Each year after the March meeting the number of club openings is determined, and the appropriate number prospective members on the waiting list are inducted in the order their names were placed on the waiting list. They are inducted at the April club meeting in compliance with the signup procedures. This induction into the club can also take place as deemed necessary by the Board of Directors.
